# LIST OF Books and Prices

ISSUED BY THE

**Superintendent of Public Instruction,**

IN ACCORDANCE WITH THE PROVISIONS OF

An Act to Provide Text Books

AND REGULATING THE MANNER OF  
PROCURING THE SAME.

---

Approved March 24, 1893.

---

I hereby certify that the accompanying list is a correct copy of the lists of school books and prices filed by publishers in this Department up to and including April 25, 1893, sample copies of which school books have been deposited in this Department duly labeled and numbered, as required by the act to provide text-books and regulating the manner of procuring the same, approved March 24, 1893, and the regulations of this Department.

D. L. KIEHLE,

Superintendent of Public Instruction.

DEPARTMENT OF PUBLIC IN- }  
STRUCTION, }  
St. Paul, Minn. May 1, 1893. }

## CIRCULAR NO. 9, 1893.

---

COPY OF LIST OF BOOKS AND PRICES  
FILED IN ACCORDANCE WITH SECTION  
2 OF ACT APPROVED MARCH 24, 1893.

---

*To County Superintendents and School  
District Officers of Minnesota.*

Your attention is called to the following law enacted by the Legislature of 1893:

“AN ACT TO PROVIDE TEXT-BOOKS AND  
REGULATING THE MANNER OF PRO-  
CURING THE SAME.

*“Be it enacted by the Legislature of the  
State of Minnesota:*

“SECTION 1. The board of trustees or board of education of each and every school district in the state of Minnesota is hereby authorized and empowered to select, adopt or contract for the text-books needful for the use of the school or schools under its charge; and the said board of trustees or board of education shall have power to purchase the text-books selected or contracted for, and provide for the loan, free of charge or sale at cost, of such text-books to the pupils in attendance at such school or schools.

“*Provided*, That no adoption or contract shall be for a period of less than

three (3) years nor more than five (5) years, during which time the text-books so selected, adopted or contracted for shall not be changed.

"SEC. 2. Before any publisher, or publishers, shall enter or attempt to enter into any contract for the sale of text-books, as herein provided, they shall file with the superintendent of public instruction of the state of Minnesota, a list of their books, and the lowest prices at or for which they will sell any or all of such books to any board of trustees in the state of Minnesota, and they, the said publishers, shall deposit with the superintendent of public instruction a sample copy of each book so listed, which shall represent in style of binding, mechanical execution, general make-up and matter the book or books they offer to sell to the board of trustees at or for the prices so listed, and in no case shall prices be raised above said listed prices as filed.

"SEC. 3. It shall be the duty of the state superintendent of public instruction to furnish a certified copy of the list of books and prices filed, in accordance with the provisions of Section 2 of this act, to the district clerk of each common school district in the state of Minnesota.

"SEC. 4. Whenever five or more legal voters of any common school district in the state of Minnesota shall petition the board of trustees to submit to the legal voters thereof the question of providing free text-books to the pupils attending the schools under its charge, it shall be the duty of said board of trustees to call a meeting of the legal voters of the district, giving ten days' notice, which notice shall state that the question of free text-books will be submitted at such meeting. Such question may be submit-

ted at any annual meeting, provided that notice shall have been previously given in accordance with the provisions of this section. In case a majority of the legal voters present and voting shall vote in favor of free text-books, it shall be the duty of the board of trustees to provide for the same.

"SEC. 5. All books purchased in accordance with the provisions of this act shall be paid for out of the school funds of the respective districts; and it shall be the duty of the school districts and their school boards to see that sufficient funds are raised and set aside for the purposes of this act.

"Sec. 6. This act shall take effect and be in force from and after its passage. Approved March 24, 1893."

For the purpose of action under this law the following course is adopted:

1. A circular of information was issued to publishers of school books March 29th last, giving notice that all school books, accompanied with proper agreement as required by statute, deposited at the office of the superintendent of public instruction before April 25th, 1893, would be reported to school districts in a list to be issued by the Department of Public Instruction, May 1st. Complying with Section 3 of the above law, this Department furnishes herewith to district clerks through county superintendents a certified copy of lists of books and prices filed by publishers in accordance with the circular above mentioned.

2. Upon receipt of this list, boards of trustees are authorized to select and contract for school books as provided by the statute.

3. If the trustees of a common school district do not provide books for the use of the school, a special meeting may be

called, and the affirmative vote of such meeting will make it the duty of the board to provide books.

4. Report blanks will be provided by the Department upon which the district will make an annual report to the county superintendent of the expense and condition of the text-book library, and upon which the county superintendent will report the condition of text-book libraries in his county to the state superintendent of public instruction.

#### RECOMMENDATIONS.

1. Every district operating under this law should be provided with a book case with doors and lock, also a record book in which all books with their numbers and cost may be entered, and in which the names of pupils shall be entered to whom they have been loaned. Such a record book has been prepared by this Department and may be had by county superintendents for distribution to such districts as purchase and loan or sell books under the law.

2. Each book should have a label, noting its number and rules for its care by the pupils.

3. At the opening of the term, the school board should place the text-book library in the charge of the teacher, who should be held responsible for the care of the library in these particulars:

(1). A correct record of books loaned and returned.

(2). A monthly inspection of all books in the hands of pupils.

(3). A report to the board, of books injured or lost.

(4). At the close of the term a collection of all books loaned and an approved inventory of books returned before payment of the last month's salary.
